EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Stephen Ashley on May 6, 2004.

The application has been amended as follows:

Please amend claims 35, 36, 45, and 46 as follows:

Claim 35 (currently amended): ~~A composite yarn~~ An intermediate fabric product according to claim 38, wherein said cover comprises at least two strands wrapped in opposite twist directions around said core yarn.

Claim 36 (currently amended): ~~A composite yarn~~ An intermediate fabric product according to claim 38, wherein said cover comprises metallic wire.

Claim 45 (currently amended): An intermediate fabric product according to claim 38, wherein said ~~cover~~ fluid-soluble strand comprises a water-soluble, multi-filament yarn having a denier of between 20 and 2,000.

Claim 46 (currently amended): An intermediate fabric product according to claim 38, wherein said ~~cover~~ fluid-soluble strand comprises a water-soluble, 48 filament yarn having a denier of about 760.

2. The following is an examiner's statement of reasons for allowance: The prior art references, alone or in combination, do not teach an intermediate fabric product formed from multi-filament yarn wherein the core comprises fluid-soluble strands. Although multi-filament yarns have been formed where fluid-soluble strands are used as cover material, a person of ordinary skill in the art has no motivation from these teachings to use the fluid-soluble strands in the core.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jeremy R. Pierce whose telephone number is (571) 272-1479. The examiner can normally be reached on Monday-Thursday 7-4:30 and alternate Fridays 7-4.
